

Addendum 2 Capstone Project Proposal Approval Form

The Capstone Project is an integrative applied project carried out at the concentration year practicum setting, in conjunction with SOWK 665/675: Advanced Practicum and Seminar I & II and culminating in a poster presentation conducted in conjunction with SOWK 661: Advanced Social Work Practice Administration. ****NOTE that in summer 2009 students will be working with the SOWK 669: Advanced Social Work Evaluation faculty to complete this assignment.** Students meet with the field instructor, the SOWK 665/675 faculty liaison, and academic advisor to discuss, respond to feedback, and secure signatures of approval, and implement a feasible Capstone Project in the practicum setting. Refer to Addendum 1 *Capstone Project Protocol* for additional information. Students must type or word process this form. Significant changes to this plan after signatures have been secured, requires a second review and new signatures of approval.

Field Practicum Site:

Student Name:

Student Signature:

Date:

Project Title:

Describe in 300-400 words the proposed Capstone Project including the statement of purpose, statement of the problem to be addressed and the preliminary design or protocol for conducting the project. The need for IRB approval (from MSU, M and or the agency) should be addressed in this description and an appropriate plan for submitting an IRB proposal (if necessary) should be included.

Type or word process the description and attach.

The following faculty and instructors have reviewed and approved the proposed Capstone Project.
