III. GRADUATION, LEGAL, AND PROFESSIONAL STATEMENT OF UNDERSTANDING AND AGREEMENT

Students who want to be generalist social work practitioners must be fully informed of the commitment they are making to the legal, professional and client community and must be prepared to accept the responsibility and the consequences of this commitment. Read the Admission, Legal, and Professional Statements of Responsibilities in this section carefully, including the Minnesota Board of Licensing information, the NASW Code of Ethics, and the International Federation of Social Workers’ Code of Ethics that are linked at the bottom of this page. This section must be signed, dated and placed in your application folder.

A. IN ORDER TO GRADUATE WITH A BSSW DEGREE FROM THE MSUM DEPARTMENT OF SOCIAL WORK, A STUDENT MUST:

1. Successfully complete all foundation courses and social work introductory and integrative courses and all advanced social work courses (SOWK 412, SOWK 469 and SOWK electives) with a grade of ‘C’ or better and a ‘P’ in SOWK 312, Junior Field Placement and with ‘Average or better’ checks/scores on the SOWK 312 ‘Agency Evaluation of Student Final Evaluation’.
2. Earn a grade of C or better in each practice course (SOWK 441, 443, 445, and 447) in order to be allowed to register and complete each successive practice course.

4. Complete an application for permission to enter the SOWK 450 Senior Seminar and SOWK 455 Senior Practicum and complete 440 hours in a social service agency during their final semester. Agencies may have particular requirements or may require additional information from students to assure the safety of clients, the confidentiality of services, and the absence of conflicts with agency programs and policies. Students are expected to comply with agency requests that do not infringe on their individual rights.
5. Complete background checks as requested at SOWK 312 and SOWK 450/455 entry points.
6. Remain in ‘good standing’ in the social work program.

**Failure to meet one or more of the above conditions can negatively impact a student’s status as ‘a student in good standing in the MSUM Department of Social Work’ resulting in the inability to graduate from the social work program.**

B. DISABILITY RIGHTS AND RESPONSIBILITIES

In accordance with University Policy, the Department of Social Work is committed to ensuring equal educational opportunity and full participation for qualified persons with disabilities as is legally required under the Rehabilitation Act of 1973 including section 504 and the Americans with Disabilities Act. All students with a disability may request accommodation through the Office of Disability Services. Visit the Office of Disabilities Services at 132 Memorial Library or call 507-389-2825 (V/TTY). Student disability accommodations will be made by faculty based upon the advisement of the Office of Disability Services. (Adopted: September 12, 2007)

C. PROFESSIONAL BEHAVIORS AND ATTITUDES AND THEIR IMPACT ON LICENSING AND EMPLOYMENT AS A SOCIAL WORK PRACTITIONER

Social workers and students in social work programs are expected to demonstrate high standards of academic, professional and personal behavior and attitudes. Your first obligation is to clients. A social worker’s academic, personal and/or professional behaviors or attitudes must not be allowed to interfere with service to clients. Read the:

Minnesota Board of Social Work <http://www.socialwork.state.mn.us> AND
National Association of Social Work <http://www.socialworkers.org> AND
Academic Readiness and Professional Behavior and Attitudes
Applicants to the social work program should be committed to developing and enhancing their academic skills and professional behaviors and attitudes in all learning and fieldwork environments including a commitment to developing good written and oral communication skills. Academic and professional behaviors and attitudes that are not consistent with the University/MnSCU Student Codes of Conduct, with the Department’s policies and procedures, with the profession’s Code of Ethics and the profession’s standards of practice can impact a student’s standing in the social work program.

2. Barriers to Professional Service
Students admitted to the social work program must assume responsibility for recognizing and removing academic, personal, and professional barriers that limit their ability to serve clients either during coursework, fieldwork or future employment. Difficulty with written and oral communication skills should be addressed prior to graduation. Other personal or professional behaviors that impact a student’s ability to function as a social worker should be recognized and responded to also. For example, chemical dependency, poor physical or mental health, emotional problems, and/or severe unrelieved stress may impair service to clients and should be identified and addressed throughout one’s academic and professional career.

3. Background Checks and Criminal Convictions
Because social workers work with many vulnerable populations, security background checks are required for MSUM Department of Social Work students when students request permission to complete their fieldwork courses. In addition, background checks are often required for employment in human service fields. Students should be aware that past legal problems may limit fieldwork and employment opportunities. Students with criminal conviction(s) or pending criminal case(s) should consult with their advisors and discuss the implications for required fieldwork and future employment. For example, substantiated complaints of maltreatment against children and vulnerable adults can limit fieldwork and employment opportunities in settings related to those populations. Previous termination from volunteer, internship, or paid positions because of sexual abuse or sexual harassment can also significantly limit fieldwork and employment opportunities. Applicants with a history of violence, sexual harassment, or chemical dependency should have successfully completed rehabilitation. Criminal convictions are also reviewed when application is made for social work licensure in Minnesota. A conviction of a felony, gross misdemeanor, and some misdemeanors can keep you from being licensed as well and significantly limit your employment options.

STATEMENT OF UNDERSTANDING AND AGREEMENT

V. PROFESSIONAL STATEMENT
As a student and as a future generalist social work practitioner you must be able to clearly communicate, orally and in written form, to the public and to other professionals your professional worldview and your understanding of the knowledge, values, and skills of the profession. In addition, as a successful applicant to the social work major, you should be able to identify and assess your strengths and challenges as a learner and, in the future, as a generalist social work practitioner. You should, at this point in your academic career, know the historical context of generalist social work practice and possess a beginning knowledge of the theories and perspectives that form the foundation of generalist social work practice. You should also be familiar with the social work professional value base and ethical practice behaviors/attitudes and be able to discuss your personal and pre-professional value development. Finally, you should also demonstrate that you understand and value the role of diversity in our society and be committed to advocacy and social justice.

The REQUIRED ESSAYS provide you the opportunity to demonstrate your academic readiness and your awareness of your professional development as well as allows you to present your understanding of the social work profession and generalist social work practice.
